Wall Browser Poster Holders - "Fitting"

Wall Browser Instructions

Tools required:

Drill + Raw Plugs + Pencil + Screws + Spirit Level + Screw Driver + Hammer

Step 1 - Brackets

Step 2 - Sleeve Fitting

Step 3 - Posters / Documents

Step 1 - Mounting the Displayer to your wall:

Action 1 - Brackets are supplied in 2x Versions 5 + 10 Holes

Action 2 = Starting with the bottom bracket - using a spirit level and pencil mark the securing holes to the wall

Action 3 = Remove bracket + Drill 2x Holes + Add 2x Raw Plugs + Attached the Wall Bracket

Action 4 - Introduce the 1st Sleeve and measure the required height for the top bracket - Now repeat actions 2 + 3

Action 5 - Now add all your sleeves into the holes (step 2) - that's it

Step 2 - Adding Posters within the sleeves:

Action 1 - Each sleeve has a stitched PVC Cover on the front and rear - this also has a card stiffener sandwiched between them
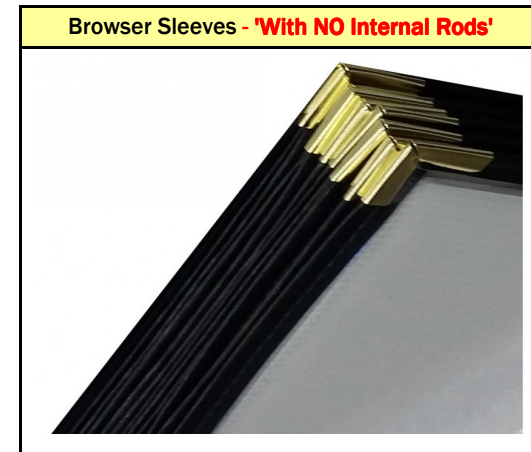

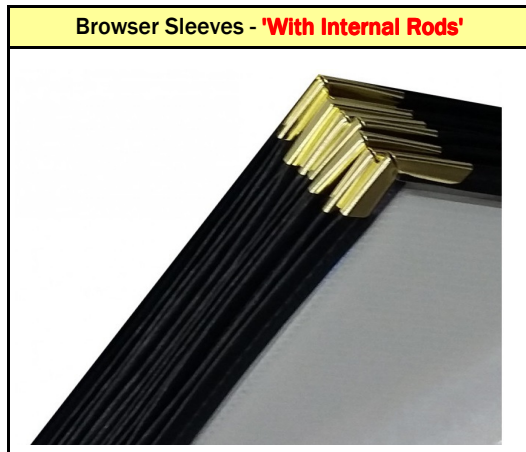

Action 2 = Starting with 1st Sleeve - Introduce the frontal poster to the front sleeve - simply slide your poster into place

Action 3 = Once you have completed action 2 - Now repeat the same exercise for all remaining posters / sleeves

Tel: 01244 470905

Browser Sleeves - Only

Wall Browser Instructions

We offer 2x Versions

Browser Sleeves - 'With Internal Rods'	Browser Sleeves - 5x Colours	Browser Sleeves - 'With NO Internal Rods'

BLACK RAL9005   **CLARET** RAL 3003   **COCOA** RAL 8007

MARINO RAL 5003   **PEWTER** RAL 7004

Explanation:

Browser Sleeves - 'With Internal Rods"
Internal rods allow the sleeves to be wall mounted, utilising wall brackets, thus creating a = "Wall Poster Flip Browser"

Browser Sleeves - 'With NO Internal Rods"
The 'NO' internal Rods version, allows for the end-client to protect their cherished posters, but, not allowing them to use as a Wall Poster Browser

Colours:
Both versions come in a choice of 5x binding colours + with Metal Silver or Gold protective corners
